Col Baczschell  
Dear Sir,

Pardon my intrusion  
on your most precious time,  
but I am desirous of obtain-  
ing a little information, which  
I trust you will deign to let  
me know.

A couple of weeks ago  
I took the journey to Phila.  
in the early morning - to call

in person on Col Crosby -  
I will & present my application  
for a position in the Mint,  
which I did & am thankful  
to say was most graciously  
received. I understood I  
knew not how or whence -  
that ladies received \$(30) thirty  
dollars, or thereabouts weekly  
as a salary in the Mint,  
hence sought the position,  
but I saw a small slip  
from me of the Philadelphia

papers stating that ladies only received  
 the sum of \$50 fifty dollars a month &  
 the hours were from 8 o'clock A.M. till late  
 in the afternoon, I am somewhat mystified  
 at this assertion, so take the liberty of writing  
 to headquarters to find out what the salaries  
 for ladies are? for me to pay rent, a nurse  
 to care my children & to live besides \$50, dollars  
 a month would hardly be adequate to the  
 demands. If you will kindly enlighten me  
 on this subject you will confer a great kindness  
 on
